Employer Details ,

Dear Hiring Manager,

I am writing to express my interest in the Associate Software Engineer position at your company, as advertised. With a BSc (Hons) in Information Technology from the Sri Lanka Institute of Information Technology (SLIIT) and hands-on experience through internships at iTerminal Technologies and Panaceata, I am confident in my ability to contribute effectively to your team.

At iTerminal Technologies, I developed strong skills in Quality Assurance, focusing on testing methodologies and bug tracking, which enhanced my attention to detail and collaboration with developers. My internship at Panaceata provided exposure to the full software development lifecycle, where I gained proficiency in programming languages such as Angular and SQL, while deepening my understanding of software design principles.

I am particularly excited about the opportunity to expand my skills and contribute to innovative projects at your company, known for its commitment to employee development and new technologies.

In addition to my technical abilities, I bring strong communication skills, a passion for problem-solving, and a dedication to delivering high-quality solutions.

Thank you for considering my application. I look forward to discussing how my experiences align with your team's needs. I am available for an interview at your convenience and can be reached at +94 76 900 8718 or via email at udeepaDG@gmail.com.

Sincerely,

Udeepa Desarana Ginigaddara.
